

## **Enhance.ie Content Management System Guide.**

# Introduction

Our easy to use CMS allows you to change content such as text and images in real time.

The demo version will give you idea how easy to use this CMS is and how easy it is to edit and update content.

Click on the following links and follow these steps and exercises:

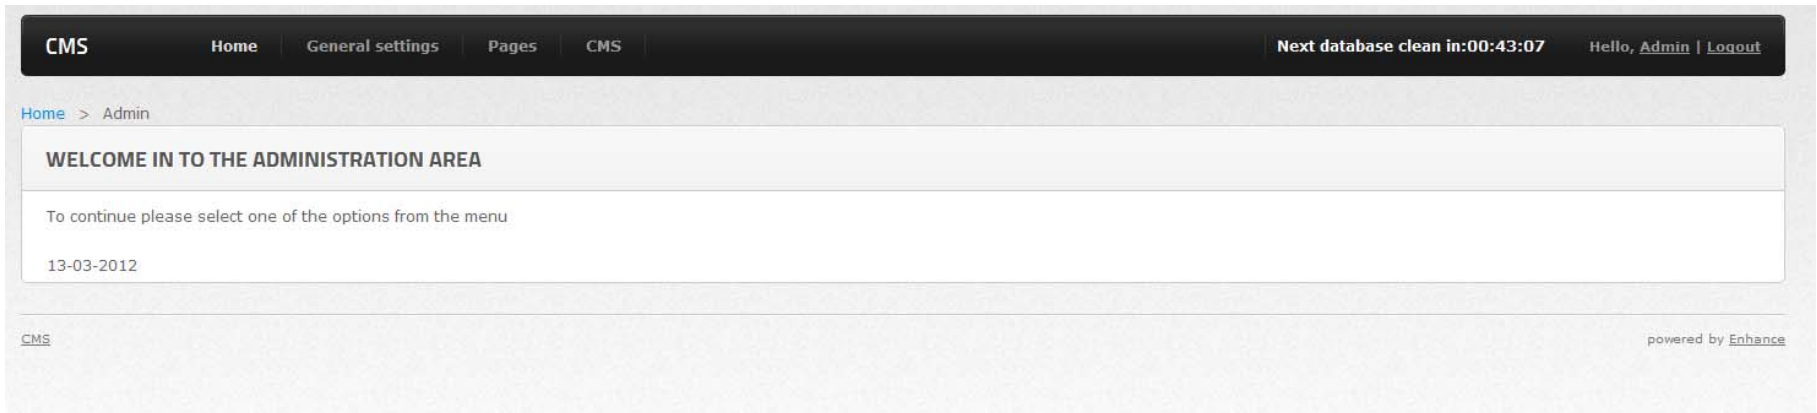

<http://cms.enhancewebdesign.ie/>

To access the backend of the CMS.

<http://cms.enhancewebdesign.ie/admin>

username: admin

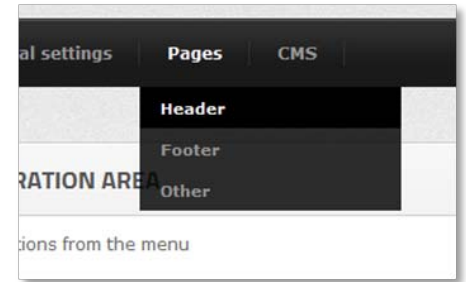

password: demo345

## Number One: Edit some text

### Step One:

Click on “header” under the “pages” tab

### Step two:

You will see all the pages in the main menu are here.

Showing 1 to 5 of 5 Records on page: 10 ▼

<input type="checkbox"/>	Title	Status	Actions
<input type="checkbox"/>	1. About Us	<span style="color: green;">●</span> Make inactive	<span style="color: green;">↑</span> <span style="color: green;">↓</span> <a href="#">Edit</a>
<input type="checkbox"/>	2. Services	<span style="color: green;">●</span> Make inactive	<span style="color: green;">↑</span> <span style="color: green;">↓</span> <a href="#">Edit</a>

Click on the edit button that corresponds with the About Us page

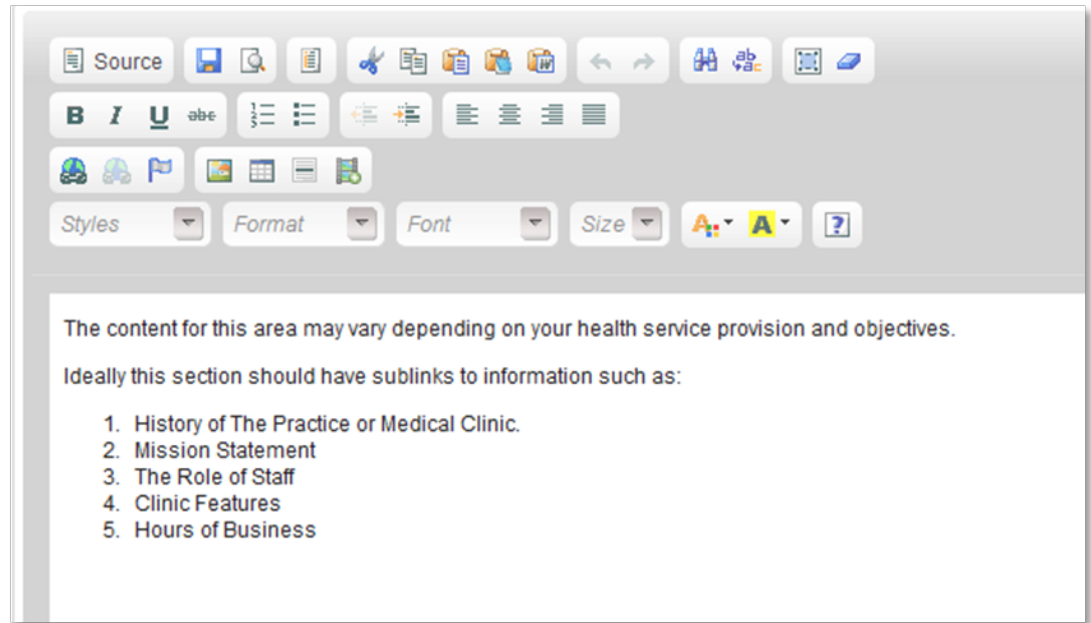

### Step Three:

Here you will see all the edit text window.

If you are familiar with Microsoft word or excel etc

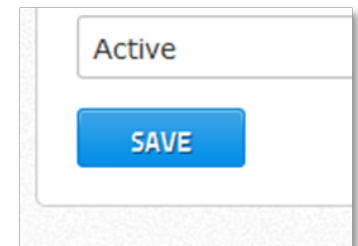

You will see this text editor layout looks very similar.

Here you can change the colour of the text, the size, make bold, make italic etc.

### Step Four:

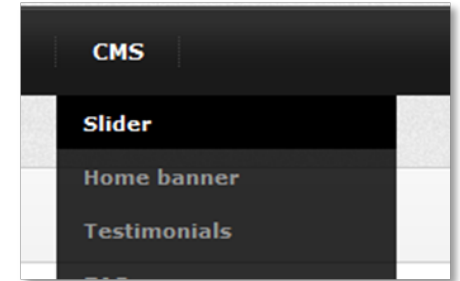

Once you are happy with your edit click the “save” button and you can see your handy work!

## Number Two: Put in a slider image

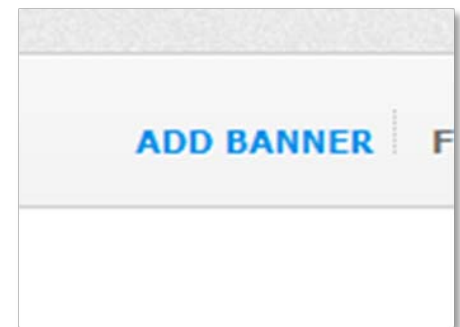

### Step One:

Click on "Slider" under the "CMS" tab

### Step two:

Here you will find a similar menu with all the slides listed like the pages. This time we are going to add a slider. Click on the Add Banner button

### Step three:

Name your slide. For this exercise just put # for the link.

**ADD BANNER**

**Name:**  \*required

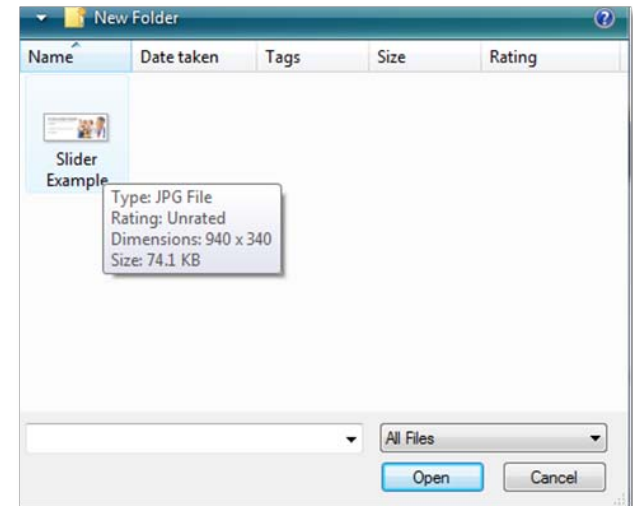

**Link:** [click here for internal link](#)  
 \*required

**Allowed file types for upload:** jpg, jpeg, gif, png.  
**Max file size:** 700Kb  
**Picture size:** 940x350 px

**Image:**  **UPLOAD**

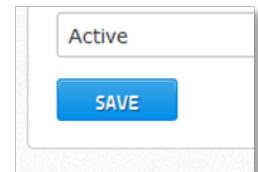

### Step four:

Have your image I sent you save on your computer, I recommend your desktop.  
Click the upload button and select the image.

### Step five:

Once you are done click save and see your new slide in work. Easy!

## Client Testimonials

*When I started up my company I chose Enhance to design my logo and website because they understood exactly the identity I wanted to achieve. I can't thank Gillian and Cliff enough!*

**Paul Rawson, LogoWear**

*When I first approached enhance regarding the creation of a new website for my new business, firstly there quotation was very competitive. They were prompt, creative, very helpful, full of energy and ideas from the start of the project right through to completion. I found Gillian and the team a pleasure to work with and hope to do more business with them in the future.*

**Walter Rowe, WRA Engineering**

*I selected Enhance as I wanted a company to both design and develop my business site as an ongoing project. Just check out their client list; a strong business portfolio, utilising the latest Apps. From a design perspective every site they design looks different. I found the whole process from start to finish very straight forward. Gillian, their Account Manager was very professional to deal with and altogether they acted in my best interests and exceeded all expectations.*

**Mark O'Donoghue, Prostaff**

*As a consultant the earliest concern in any discussion is whether the Client's expectation is fully understood and interpreted. If not, the delivery maybe a great product but not what the Client ordered! From the outset the team at Enhance engaged in detailed conversation, conceptual design, rigorous discussion and debate, with plenty of humour! Communication was excellent and continuous, always available making sure nothing fell through the net. Well done Enhance, you delivered the right product!*

**Ian Childs – On behalf of Crewlink.ie**
